WESTERN STATES CONTRACTING ALLIANCE
MASTER PRICE AGREEMENT
for
COMPUTER EQUIPMENT, PERIPHERALS, AND RELATED SERVICES

Number B27172

This Agreement is made and entered into by Panasonic Computer Solutions Company, Unit of Panasonic Corporation of North America, 3 Panasonic Way, 2F-11, Secaucus, NJ 07094 ("Contractor") and the State of Minnesota, Department of Administration ("State") on behalf of the State of Minnesota, participating members of the National Association of State Procurement officials (NASPO), members of the Western States Contracting Alliance (WSCA) and other authorized Purchasing Entities.

RECITALS

WHEREAS, the State has the need to purchase and the Contractor desires to sell; and,

WHEREAS, the State has the authority to offer contracts to CPV members of the State of Minnesota and to other states.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the parties agree as follows:

INTENT AND PURPOSE

The intent and purpose of this Agreement is to establish a contractual relationship with equipment manufacturers to provide, warrant, and offer maintenance services on **ALL** products proposed in their response to the RFP issued by the State of Minnesota. Delivery, support, warranty, and maintenance may be provided by the Contractor using subcontractors. The Contractor agrees to take legal responsibility for the warranty and maintenance of all products furnished under this Agreement. The Contractor is responsible for the timeliness and quality of all services provided by individual subcontractors. Subcontractor participation will be governed by individual Participating Entities, who have the sole discretion to determine if they will accept services from a subcontractor.

Individual Purchasing Entities may enter in to lease agreements for the products covered in this Master Price Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process, and if the Contractor submitted copies of its lease agreements with its response to the RFP. The lease agreements were not reviewed or evaluated as part of the RFP evaluation process. The agreements are located in Exhibit C, Value-Added Services.

The Agreement is **NOT** for the purchase of major, large hardware or hardware and software offerings. In general, individual units/configurations for servers and storage (SANs, etc.) should not exceed \$300,000 each. Desktop per unit/configuration costs should not exceed \$100,000. Printers of all types and monitors per unit/configuration costs should not exceed \$50,000 each. It is the expressed intent of some of the Participating States to set this level at not to exceed \$25,000 each, or \$50,000. Contractors must be willing to comply with these restrictions by agreeing to supply products in those price ranges only. This **IS NOT** a restriction on how many units/configurations can be purchased, but on the value of each individual unit/configuration. Individual Participating States and Participating Entities may set specific limits in a participating addendum above these limits, with the prior approval of the WSCA Directors; or may set specific limits in a participating addendum below these limits.

Contractors may offer, but participating states and entities do not have to accept, limited professional services related **ONLY** to the equipment and configuration of the equipment purchased through the Agreement.

1. Definitions

“Announced Promotional Price” are prices offered nationally to specific categories of customers (Consumer, Business or government) for defined time periods under predefined terms and conditions.

“Consumables” those items that are required for the operation of the Equipment offered or supplied which are consumed over time with the purchaser’s use of the equipment are included – printer cartridges, batteries, projector bulbs, etc.
Consumables such as magnetic media, paper and generally available office supplies are excluded.

“Configuration” in most instances in this document means a total system configuration. This may include more than one model or part number (or SKU), or a combination of hardware, software, and configuring of the system to make the system work.

“Contract” means a binding agreement for the procurement of items of tangible personal property or services. Contract and Master Price Agreement are used interchangeably in this document.

“Contractor” means the successful Responder who enters into a binding Master Price Agreement. The Contractor is responsible for all sales, support, warranty, and maintenance services for the products included in this Agreement. The Contractor must manufacture or take direct, non-assignable, legal responsibility for the manufacture of the equipment and warranty thereof. For the purposes of this Contract, the term Contractor and Contract Vendor are synonymous.

“CPV Member” is any governmental unit having independent policy making and appropriating authority, that is a member of Minnesota’s Cooperative Purchasing Venture (CPV) program.

“CPV Program.” The Cooperative Purchasing Venture (CPV) program, as established by Minn. Stat. § 16C.03, subd. 10, authorizes the commissioner of

Administration to “enter into a cooperative purchasing agreement for the provision of goods, services, and utilities with [governmental entities] ..., as described in section 471.59, subdivision 1.” Based on this authority, the commissioner of Administration, through the Materials Management Division (MMD), enters into a joint powers agreement that designates MMD as the authorized purchasing agent for the governmental entity. It is not legal for governmental entities that are not members of the CPV program to purchase from a State contract. Vendors are free to respond to other solicitations with the same prices they offer under a contract, but that is not considered use of the “State contract price.”

“Cumulative Volume Discount” means a contractual, cumulative, permanent volume discount based on dollars resulting from the cumulative purchases by all governmental purchasers for the duration of the Master Price Agreement.

“Documentation” refers to manuals, handbooks, and other publications listed in the PSS, or supplied with products listed in the PSS, or supplied in connection with services. Documentation may be provided on magnetic media or may be downloaded from the Contractor’s web site.

“E-Rate” is a program sponsored by the Federal Communications Commission whereby educational and other qualifying institutions may purchase authorized technology at reduced prices.

“Educational Discount Price” means the price offered in a nationally announced promotion, which is limited to educational customers only.

“Equipment” means workstations, desktop, laptop (includes Tablet PC’s), handheld (PDA) devices, projectors, servers, printers, monitors, computing hardware, including upgrade components such as memory, storage drives, and spare parts. AUDIO VISUAL PRODUCTS (digital cameras, televisions, whiteboards, etc.) are NOT included in this RFP or subsequent contracts. The exception to this definition is whiteboards, which can be sold as part of the Instructional Bundles, but not as a stand-alone item.

“FCC” means the Federal Communications Commission or successor federal agency. In the event of deregulation, this term applies to one or more state regulatory agencies or other governing bodies charged to perform the same, or similar, role.

“General Price Reduction Price” means the price offered to consumer, business or governmental purchasers at prices lower than PSS pricing. General price reduction prices will be reflected in the PSS as soon as practical.

“Lead State” means the State conducting this cooperative solicitation and centrally administering any resulting Master Price Agreement(s). For this Master Price Agreement, the Lead State is Minnesota.

“Mandatory” The terms “must” and “shall” identify a mandatory item or factor.

“Manufacturer” means a company that, as its primary business function, designs, assembles, owns the trademark/patent and markets computer equipment including workstations, desktop computers, laptop (includes Tablet PC’s) computers, handheld (PDA) devices, servers, printers, and storage

solutions/auxiliary storage devices. The manufacturer must provide direct un-infringed unlimited USA OEM warranties on the products. The manufacturer's name(s) shall appear on the computer equipment. The Contractor(s) shall provide the warranty service and maintenance for equipment on a Master Price Agreement as well as a Takeback Program.

"Master Price Agreement" means the contract that MMD will approve that contains the foundation terms and conditions for the acquisition of the Contractor's products and/or services by Purchasing Entities. The "Master Price Agreement" is a permissive price agreement. In order for a Purchase Entity to participate in a Master Price Agreement, the appropriate state procurement official or other designated procurement official must be a Participating State or Participating Entity.

"Materials Management Division" or "MMD" means the procurement official for the State of Minnesota or a designated representative.

"NASPO" means the National Association of State Procurement Officials

"Participating Addendum" or "Participating Addenda" means a bilateral agreement executed by the Contractor and a Participating State or political subdivision of a State that clarifies the operation of the price agreement for the State or political subdivision concerned, e.g. ordering procedures specific to a State or political subdivision and other specific language or other requirements. Terms and conditions contained in a Participating Addendum shall take precedence over the corresponding terms in the master price agreement. Additional terms and conditions, including but not limited to payment terms, may be added via the Participating Addendum. However, a Participating Addendum may not alter the scope of this Agreement or any other Participating Addendum. ***Unless otherwise specified, the Participating Addendum shall renew consecutively with the Master Price Agreement.*** One digitally formatted, executed copy of the Participating Addendum must be submitted to the WSCA/NASPO Contract Administrator PRIOR to any orders being processed.

"Participating State" or "Participating Entity" means a member of NASPO (Participating State) or a political subdivision of a NASPO member (Participating Entity) who has indicated its intent to participate by signing an Intent to Participate, where required, or another state or political subdivision of another state authorized by the WSCA Directors to be a party to the resulting Master Price Agreement.

"PDA" means a Personal Digital Assistant and refers to a wide variety of handheld and palm-size PCs, and electronic organizers. PDA's usually can store phone numbers, appointments, and to-do lists. PDA's can have a small keyboard, and/or have only a special pen that is used for input and output. The PDA can also have a wireless fax modem. Files can be created on a PDA which is later entered into a larger computer. NOTE: For this procurement, all Tablet PC's are NOT considered PDA's. The Contractor(s) shall provide the warranty service and maintenance for equipment on a Master Price Agreement as well as a Takeback Program.

"Peripherals" means any product that can be attached to, added within, or networked with personal computers or servers, including but not limited to

storage, printers (including multifunction network printers), scanners, monitors, keyboards, projectors, uninterruptible power supplies and accessories. Software, as defined in the RFP, is not considered a peripheral. Adaptive/Assistive technology devices are included as well as configurations for education.

Peripherals may be manufactured by a third party, however, Contractor shall not offer any peripherals manufactured by another contractor holding a Master Price Agreement without the prior approval of the WSCA/NASPO Contract Administrator. AUDIO VISUAL PRODUCTS (digital cameras, televisions, whiteboards, etc.) are NOT included in the contract. The exception to this definition is whiteboards, which can be sold as part of the Instructional Bundles, but not as a stand-alone item. The Contractor(s) shall provide the warranty service and maintenance for equipment on a Master Price Agreement as well as a Takeback Program.

“Permissive Price Agreement” means that placement of orders through the Price Agreement is discretionary with Purchasing Entities. They may satisfy their requirements through the Price Agreement without using statutory or regulatory procedures (e.g., invitations for bids) to solicit competitive bids or proposals. Purchasing Entities may, however, satisfy requirements without using the Price Agreement as long as applicable procurement statutes and rules are followed.

“Per Transaction Multiple Unit Discount” means a contractual volume discount based on dollars in a single purchase order or combination of purchase orders submitted at one time by a Purchasing Entity or multiple entities conducting a cooperative purchase.

“Political Subdivision” means local public governmental subdivisions of a state, as defined by that state’s statutes, including instrumentalities and institutions thereof. Political subdivisions include cities, counties, courts, public schools and institutions of higher education.

“Price Agreement/Master Price Agreement” means an indefinite quantity contract that requires the Contractor to furnish products or services to a Purchasing Entity that issues a valid Purchase Order.

“Procurement Manager” means the person or designee authorized by MMD to manage the relationships with WSCA, NASPO, and Participating States/Participating Entities.

“Product(s)” means personal computer equipment, peripherals, LAN hardware, pre-loaded Software, and Network Storage devices, but not unrelated services. The Contractor(s) shall provide the warranty service and maintenance for equipment on a Master Price Agreement as well as a Takeback Program.

“Products and Services Schedule Prices” or “PSS” refers to a complete list, grouped by major product and/or service categories, of the Products and services provided by the contractor that consists of an item number, item description and the Purchasing Entity's price for each Product or Service. All such Products and services shall be approved by the WSCA/NASPO Contract Administrator prior to being listed on a Contractor-supplied web site accessed via a URL. The Contractor(s) shall provide the warranty service and maintenance for all equipment listed on the PSS on a Master Price Agreement as well as a Takeback Program.

“Purchase Order” means an electronic or paper document issued by the Purchasing Entity that directs the Contractor to deliver Products or Services pursuant to a Price Agreement.

“Purchasing Entity” means a Participating State or another legal entity, such as a political subdivision, properly authorized by a Participating State to enter into a contract for the purchase of goods described in this solicitation. Unless otherwise limited by statute, in this solicitation or in a Participating Addendum, political subdivisions of Participating States are Purchasing Entities and authorized to purchase the goods and/or services described in this solicitation.

“Refurbished Products” are products that may have been powered on or used by another customer that have been fully retested, defective parts replaced, and repackaged to meet original factory specifications.

“Services” are broadly classed as installation/de-installation, maintenance, support, training, migration, and optimization of products offered or supplied under the Master Price Agreement. These types of services may include, but are not limited to: warranty services, maintenance, installation, de-installation, factory integration (software or equipment components), asset management, recycling/disposal, training and certification, pre-implementation design, disaster recovery planning and support, service desk/helpdesk, and any other directly related technical support service required for the effective operation of a product offered or supplied. General consulting and all forms of application development and programming services are excluded.

“Servicing Subcontractor/Subcontractor/Reseller Agent” means a Contractor authorized and state-approved subcontractor who may provide local marketing support or other authorized services on behalf of the Contractor in accordance with the terms and conditions of the Contractor’s Master Price Agreement. A wholly owned subsidiary or other company providing warranty or other technical support services qualifies as a Servicing Subcontractor. Local business partners may qualify as Servicing Subcontractors. Servicing Subcontractors may not directly accept Purchase Orders or payments for Products or Services from Purchasing Entities, unless otherwise provided for in a Participating Addendum. Servicing Subcontractors shall be named individually or by class in the Participating Addendum. **The Contractor(s) actually holding the Master Price Agreement shall be responsible for Servicing Subcontractor’s providing products and services, as well as warranty service and maintenance for equipment the subcontractor has provided on a Master Price Agreement as well as the Takeback Program.**

“Standard Configurations” or **“Premium Savings Configurations”** means deeply discounted standard configurations that are available to Purchasing Entities using the Master Price Agreement only. Any entity, at any time, that commits to purchasing the standard configuration adopted by other Purchasing Entities shall receive the same price from the contract awardees. This specification includes a commitment to maintain and upgrade (keep pace with the advance of technology) the standard configurations for a stated period of time or intervals.

"State Procurement Official" means the director of the central purchasing authority of a state.

"Storage Solution/Auxiliary Storage" means the technology and equipment used for storage of large amounts of data or information. This includes technologies such as: Network Attached Storage (NAS) and Storage Area Networks (SAN). **The Contractor(s) shall provide the warranty service and maintenance for equipment on a Master Price Agreement as well as a Takeback Program.**

"Takeback Program" means the Contractor's process for accepting the return of the equipment or other products at the end of life—as determined by the State utilizing the Master Price Agreement.

"Trade In" refers to the exchange of used Equipment for new Equipment at a price reduced by the value of the used Equipment.

"Travel" means expenses incurred by authorized personnel directly related to the performance of a Service. All such expenses shall be documented in a firm quotation for the Purchasing Entity prior to the issuance and acceptance of a Purchase Order. Travel expenses will be reimbursed in accordance with the purchasing entities allowances, if any, as outlined in the PA.

"Universal Resource Locator" or "URL" means a standardized addressing scheme for accessing hypertext documents and other services using the WWW browser.

"WSCA" means the Western States Contracting Alliance, a cooperative group contracting consortium for state procurement officials, representing departments, institutions, agencies, and political subdivisions (i.e., colleges, school districts, counties, cities, etc.) for the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Minnesota, Montana, Nevada, New Mexico, Oregon, South Dakota, Utah, Washington, and Wyoming.

"WSCA/NASPO Contract Administrator" means the person or designee authorized by MMD to manage all actions related to the Master Price Agreements on behalf of the State of Minnesota, the participating NASPO and WSCA members, and other authorized purchasers.

2. Scope of Work

The Contractor, or its approved subcontractor, shall deliver computing system Products and services to Purchasing Entities in accordance with the terms of this agreement. This Agreement is a "Master Price Agreement". Accordingly, the Contractor shall provide Products or Services only upon the issuance and acceptance by Contractor of valid "Purchase Orders". Purchase Orders may be issued to purchase the license for software or to purchase products listed on the Contractor's PSS. A Purchasing Entity may purchase any quantity of Product or Service listed in the Contractor's PSS at the prices in accordance the Paragraph 13, Price Guarantees. Subcontractor participation is governed by the individual Participating State procurement official.

The Contractor is required to provide and/or agree to take legal responsibility for the warranty and maintenance of all proposed equipment, including peripherals. Taking legal responsibility means the Contractor must provide warranty and maintenance call

numbers, accept, process and respond to those calls, and be legally liable for and pay for those warranty and maintenance (under warranty) activities. The Contractor shall offer a Takeback Program for all products covered by this Agreement.

3. Title Passage

The Contractor must pass unencumbered title to any and all products purchased under this Contract upon receipt of payment by the State. This obligation on the part of the Contractor to transfer all ownership rights does not apply to proprietary materials owned or licensed by the Contractor or its subsidiaries, subcontractors or licensor, or to unmodified commercial software that is available to the State on the open market. Ownership rights to such materials shall not be affected in any manner by this Agreement.

4. Permissive Price Agreement and Quantity Guarantee

This Agreement is not an exclusive agreement. Purchasing Entities may obtain computing system Products and services from other sources during the agreement term. The State of Minnesota, NASPO and WSCA make no express or implied warranties whatsoever that any particular number of Purchase Orders will be issued or that any particular quantity or dollar amount of Products or Services will be procured.

5. Order of Precedence

Each Purchase Order that is accepted by the Contractor shall become a part of the Agreement as to the Products and services listed on the Purchase Order only; no additional terms or conditions will be added to this Agreement as the result of acceptance of a Purchase Order. The Contractor agrees to accept all valid Purchase Orders. In the event of any conflict among these documents, the following order of precedence shall apply:

- A. Executed Participating Addendum(s);
- B. Terms and conditions of this Agreement;
- C. Exhibits and amendments to this Agreement;
- D. The list of products and services contained in the purchase order;
- E. The request for proposals document; and
- F. Contractor's proposal including best and final offer.

6. Payment Provisions

All payments under this Agreement are subject to the following provisions:

A. Acceptance

A Purchasing Entity shall determine whether all Products and services delivered meet the Contractor's published specifications. No payment shall be made for any Products or Services until the Purchasing Entity has accepted the Products or Services. The Purchasing Entity will make every effort to notify the Contractor in a timely manner of non-acceptance of a product or service.

B. Payment of Invoice

Payments shall be submitted to the Contractor at the address shown on

the invoice, as long as the Contractor has exercised due diligence in notifying the State of Minnesota and/or the Purchasing Entity of any changes to that address. Minn. Stat. § 16A.124 requires payment within 30 days following receipt of an undisputed invoice, merchandise or service, whichever is later. The ordering entity is not required to pay the Contractor for any goods and/or services provided without a written purchase order or other approved ordering document from the appropriate purchasing entity. In addition, all goods and/or services provided must meet all terms, conditions, and specifications of the Contract and other ordering document and be accepted as satisfactory by the ordering entity before payment will be issued. Payments may be made via a Purchasing Entity's "Purchasing Card".

In the event an order is shipped incomplete (partial), the Purchasing Entity shall pay for each shipment as invoiced by the Contractor unless the Purchasing Entity has clearly specified "No Partial Shipments" on each Purchase Order.

C. Payment of Taxes

Payment of taxes for any money received under this agreement shall be the Contractor's sole responsibility and shall be reported under the Contractor's federal and state tax identification numbers. If a Purchasing Entity is not exempt from sales, gross receipts, or local option taxes for the transaction, the Contractor shall be reimbursed by the Purchasing Entity to the extent of any tax liability assessed.

8. Termination

The following provisions are applicable in the event that the agreement is terminated.

A. Termination for Convenience

At any time, the State may terminate this agreement, in whole or in part, by giving the Contractor (30) days written notice; provided, however, neither the State nor a Purchasing Entity has the right to terminate a specific purchase order for convenience after it has been issued if the product is ultimately accepted. At any time, the Contractor may terminate this Agreement, in whole or in part, by giving the WSCA/NASPO Contract

Administrator sixty (60) days written notice. Such termination shall not relieve the Contractor of warranty or other Service obligations incurred under the terms of this Agreement. In the event of a cancellation, the Contractor shall be entitled to payment, determined on a pro rata basis, for work or services satisfactorily performed and accepted.

B. Termination for Cause

Either party may terminate this Agreement for cause based upon material breach of this Agreement by the other party, provided that the non-breaching party shall give the breaching party written notice specifying the breach and shall afford the breaching party a reasonable opportunity to correct the breach. If within thirty (30) days after receipt of a written notice the breaching party has not corrected the breach or, in the case of a breach that cannot be corrected in thirty (30) days, begun and proceeded in good faith to correct the breach, the non-breaching party may declare the breaching party in default and terminate the Agreement effective immediately. The non-breaching party shall retain any and all other remedies available to it under the law.

C. A Purchasing Entity's Rights

In the event this Agreement expires or is terminated for any reason, a Purchasing Entity shall retain its rights in all Products and services accepted prior to the effective termination date.

The terms of this Agreement and any purchase order issued for multiple years under this Agreement is contingent upon sufficient appropriations being made by the Legislature or other appropriate governing entity. Notwithstanding any language to the contrary in this Agreement or in any purchase order or other document, a Purchasing Entity may terminate its obligations under this Agreement, if sufficient appropriations are not made by the governing entity at a level sufficient to allow for payment of the goods or services due for multiple year agreements, or if operations of the paying entity are being discontinued. The Purchasing Entity's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final and binding.

A Purchasing Entity shall provide sixty (60) days notice, if possible, of its intent to terminate for reason cited above. Such termination shall relieve the Purchasing Entity, its officers and employees from any responsibility or liability for the payment of any further amounts under the relevant Purchase Order.

10. Shipment and Risk of Loss

A. All deliveries shall be F.O.B. destination, prepaid and allowed, with all transportation and handling charges included in the price of the product and paid

Unless otherwise agreed upon by the Purchasing Entity, the Contractor is responsible for the pick-up of returned Products. The Contractor shall bear all risk of loss or damage with respect to returned Products except for loss or damage directly attributable to the negligence of the Purchasing Entity.

C. Unless otherwise arranged between the Purchasing Entity and Contractor, all basic configuration Products shall be shipped within 30 days after receipt of a purchase order, by a reliable and insured shipping company. The 1.65 days does not include the one (1) day return option for overnight freight to the National Service Center (NSC) or the one (1) day for return option overnight freight back to the client. This figure does also not include the day the unit arrives at the NSC, as it may arrive on the early am shipment, or possibly not until later in the work day. Panasonic will provide repair services for Panasonic laptop computers and their related accessories at the Customer's site. This service is available in one-year term increments, up to five years. The in-warranty years of the Unit must be the same as the On-site Repair Service. The Customer must supply serial numbers for each Unit that is to be covered.

Response Time: The service technician will arrive on-site within eight business hours in all major metropolitan areas. Remote areas (more than 50 miles outside a major metropolitan area) may require slightly longer access times. A coverage map is available. A dispatch center is available 24 hours a day, 365 days a year. The on-site service of the equipment is available Monday through Friday, 8:00 am to 5:00 pm local time, excluding Federal holidays and those observed at the Customer location. Panasonic will not be held responsible for response time during extreme weather or other acts of God or war.

employee of Panasonic. The technician may be a representative from a Panasonic Authorized Service Provider. The Customer must accommodate the arrival of the on-site technicians, access to the site, and access to the unit requiring repair. A warranty determination will be made by the on-site technician. In-warranty repairs will be performed at no charge at the time of service. Out-of-warranty repairs will be billed at the cost of labor, parts, shipping costs (if applicable), and applicable taxes.

Out-of-Warranty Repairs: Should a repair be deemed to be outside of Panasonic' Standard Warranty (printed copies available in separate documents), or other additional warranty coverage that has been previously purchased, the Customer will be responsible for the cost of the repairs. General Terms for Extended Warranty, Extended Battery Warranty and Protection Plus

Panasonic Computer Solutions Company (referred to as "Panasonic") will provide the following warranties to the purchasers (referred to as "Customers") of Panasonic Toughbook computing devices (referred to as "Units"). Under the Panasonic Standard Toughbook Limited Warranty, Panasonic will repair hardware products sold by Panasonic with new or rebuilt parts, free of charge for 3 years on all laptops and for 1 year on selected models from the date of the original purchase. The owner's manual that comes standard with each Unit will provide the exact warranty term. This standard limited warranty only covers failures due to defects in materials or workmanship that occur during normal use. It does not cover damage which occurs in shipment or failures which are caused by products not supplied by Panasonic, or failures that result from alteration, accident, misuse, introduction of liquid or other foreign matter into the unit, abuse, neglect, installation, maladjustment of consumer controls, improper maintenance, modification or service by anyone other than the National Service Center or a Panasonic Authorized Service Provider, or damage that is attributable to acts of God. This warranty does not cover software or consumable items. All consumable items not purchased as part of the Toughbook PC original sale are covered for 1 year from the date of purchase. This warranty is provided solely to the original purchaser. A purchase receipt or other proof of the original date of purchase may be required before warranty service is rendered.

Extended Warranty

The Extended Warranty provides standard limited warranty coverage for all system components for an additional fourth and/or fifth year depending on which option the Customer purchases. This warranty does not cover are consumable items such as batteries, screen protectors, etc. Coverage exclusions include intentional misuse or abuse, virus-inflicted damage, data recovery from hard drive failure or cosmetic damage that does not affect that functionality of the system. A list of the Customer's serial numbers for the Toughbook models purchased and proof of purchase is required to entitle the Units for this warranty.

Extended Battery Warranty

The Extended Battery Warranty coverage provides for an additional two, three or four years of coverage depending on which option the Customer purchases. This allows for up to five years of coverage on the battery. If a battery is returned under this coverage because it maintains less than 50% of its charge capacity, a replacement battery will be sent at no charge to the Customer's user. A battery covered by this warranty is considered good if it maintains 50% of its charge capacity after the first year. Toughbook models covered under this warranty are eligible to receive up to one battery per year for the duration of the extended battery warranty period. A list of the Customer's serial numbers for the Toughbook models purchased and proof of purchase is required to entitle the Units for this warranty.

Protection Plus Warranty

The Protection Plus Warranty (or No Fault Warranty) increases the coverage for all system components during the standard limited warranty period or for the Extended Warranty period depending on which option the Customer purchases. The additional coverage includes damage that occurs as a result of accidental damage during normal use, exposure to environmental conditions, and other non-intentional conditions not covered by the standard limited warranty. This warranty does not coverage damage from intentional acts, fire, loss, theft, or normal wear (cosmetic damage) not affecting functionality. This warranty does not cover consumable items such as the battery, screen protectors, and printing of the keyboard. Panasonic may elect to repair or replace a damaged Unit, at our discretion, with a model of equal or greater value.

The maximum benefit for Protection Plus coverage is limited to one major failure per Unit per year for the LCD, keyboard, hard drive and system board. A replacement Unit will not be provided if the maximum

benefit has already been met for a Unit. If the maximum benefit has not been met and a unit needs to be replaced, a replacement Unit will be provided. The replacement Unit will not be covered by Protection Plus unless separately purchased for the replacement Unit.

A list of the Customer's serial numbers for the Toughbook models purchased and proof of purchase is required to entitle the Units for this warranty.

Ownership, Copyrights, and Indemnification

The Customer warrants and insures that the Customer has obtained and currently holds, legal right to use/install all requested software and/or third-party devices being integrated into the Unit.
